| Here to help |

Did you know...

Effective acoustics doesn't have to cost the earth and this is exactly where Zona comes in. The frame, Core and Acoustic panels are built to last and reconfigured throughout the products life. Zona can be entirely dismantled and fully recycled at the end of the products lifecycle.

How to order

Zona can be found online via our [ReSorb webpage](#), or through our team, just get in touch by email or give us a call.

Are you unsure about your specific acoustic requirements and would like to know more about what Zona could do for you?

We have a friendly and knowledgeable team ready to help you discover how acoustics can be made to benefit you and your co-workers whilst ensuring you have a tailored experience to maximise the benefits from your investment.
